Schen, k's medicines, by the providence of God, have been the mean of the restoration of my life, for which I shall ever be thankful.

Several of my friends, through my recommendation, have been using Dr. Schenck's medicines for consumption and other diseases of that kind. All of them have been greatly benefited. I make this public statement in order that the thousands who suffer from diseases similar to mine may be induced to try Dr. Schenck's lavaluable medicines. Do not think, as I did, that if your favorite doctor cannot help you no one can. I would advise every consumptive person to go and see Dr. Schenck and follow his prescriptions. Take his advice, at least, if you do not take his medicines. It is encourasing to hear the people conversing in his rooms and describing the benefit they have received from his treatment. Their looks show that they have no deception in them. They are all anxious for help, and are being helped. I wish all whe are afficted as I was to call and see me, for I feet that I can satisfy every one of them that this statement is not eraggerated. I relate all the particulars because I know that many are like what I was—skeptical.
